CLEAN CARS®

One platform – countless benefits

mywashtec.com –
Full oversight and multiple advantages

Car washing is increasingly a digital business.

Car wash systems are being remotely controlled via the internet, operators buy their supplies online and customers want to book and pay for their car wash using their smartphones. WashTec's suite of digital end-to-end solutions allow you to take advantage of these developments and manage and grow your business from wherever you may be, whenever.

Your business' digital nerve center

mywashtec.com –
Full oversight and multiple advantages

my.carwash

Your insight and control platform

You benefit from increased convenience and maximum up time. Control all aspects of your carwash business via one central tool, whenever and wherever you may be.

my.shop

Click and restock. Place your order online and have supplies from chemicals to spare parts delivered to your installation. It's more convenient and saves you time and effort.

my.EasyCarWash

Give your customers the convenience of booking and paying for their carwash using their smartphone. And offer them a choice of single wash, wash wallet or subscription. You'll be rewarded with a higher monthly turnover, and increased customer satisfaction and loyalty.

my.SmartSite

Give suppliers or mechanics access to your installation remotely, shut down and open up using your phone, and control variables such as temperature and lighting to save energy and costs. You're in control of your car wash wherever you maybe.

mywashtec.com – puts you in the centre

The platform for your business - built around you!

mywashtec.com has been designed from the ground up with your needs in mind. The sole purpose behind mywashtec.com is to enable you to run your business smarter, more efficiently, with more convenience and ultimately more profitably. And we're not done yet – we're already working on the next modules and interfaces to allow you to benefit from increasing digitalization.

Listen to what current users have to say

The numbers speak for themselves:

The new SmartCare gantry car-wash gives us more freedom, as it means we can control a lot of settings from home. Our customers are delighted with the wash performance and come back again and again.

Tina Prandi
Wilde Taube BFT filling station, Germany

With SmartSite I gain more time and freedom. An indispensable tool that saves energy and money.

Markus Priester,
carwash operator, Austria

With EasyCarWash, we don't just sell a car and that's it. Now we see them again whenever they come in for a wash. That drives frequency and means more customer contact. And it's an extra revenue source.

Johannes Moser
Moser car sales, Bruneck, South Tyrol, Italy

The WashTec service network - for guaranteed availability.

Lastly, with our mix of digital and analogue service offerings from TotalCare via remote control and help desk to service on call, you will receive instant support in order to fix any mishap that may arise with the washing equipment. In that way we ensure maximum uptime for your car wash business.

WashTec offers you all the hardware and software as a one-stop shop. Our technicians install the control cabinet, sensors and actuators and start the operation of your car wash via Washlink. At the same time, you can rely on our extensive service network. We have specialists available in every region. From our more than 250 service employees, the right experts are never far away.

Your advantages:

- ▶ Optimum availability via our service hotline (98% of calls are answered directly in person)
- ▶ Modern online ticket system for digital, convenient contact options
- ▶ Transparent status information about your telephone or digital enquiry.

More than 250 service employees look after your facilities in Germany. Regular and thorough maintenance saves cost-intensive repairs and long downtimes. With our customised maintenance contracts, you benefit from long-term investment security and high availability of your car wash.
